Hi members. It's been a different year with the coronavirus. I hope and pray everyone is making the best of this year. Not much to report with no meetings. Everything has been canceled for the remaining of this year. I hope we will be able to get together next year. Until then take care. Have a great Christmas, and God bless you, your family, and pups.

Gary Stroede, President

From your Editor:

First, our heartfelt thanks to Barb Zink for all the hard work she put in to edit this newsletter. Second, thank you to the Board of Directors for selecting me as your new editor. I will do my best to bring you information you can use.

2020 has been difficult for many of us because of quarantines and restrictions placed by our state leaders, but hopefully, before long, we will again be able to gather and catch up with each other. (I've missed seeing all of you most of all!)

Please have a safe holiday season in all ways.

Sue Stacy, Editor

Lucy Berninger McNabney Does It Again!

In November, our Scottie, Ike, became the 2nd Scottie to ever earn an OTCH title. Ike won two Open B classes (scoring 198 & 199) and placed 2nd in a Utility B class at the Eastern States Exposition Center in MA to claim the final points needed to become an Obedience Trial Champion.

When Ike was young, one of my Ohio friends asked me if he was going to be my next OTCH Scottie, and the very thought seemed exhausting. My cynical reply was, "I should live so long." Well...we made it! Ike is 10 and I am 82.

Thanks go to two great husbands. To Walt, who was sure we needed to get this Scottie after Humvee died. Many of you remember that Humvee was my first OTCH Scottie. Walt lived long enough to see Ike get his conformation CH and his UD title in obedience. And thanks to John, who was sure we needed to complete this title. John & I have only been married 2 ½ years, and he is my motivator, driver, crate carrier, best company, & Scotties were his chosen breed long before we met. (Proverbs 3:6 "In all thy ways acknowledge him, and he shall direct thy paths).

Thanks to Barb Zink for this nifty little fella who is always tail up, ears forward, & moves like he's proud of himself. His sire was her good stud GCH Danzin Twin H Power and he's out of CH Charhill Illuminates Danzin from Charla & Kari Hill. Ike's registered name is now upgraded to CH OTCH AYREWORTH I HAUL IT, UDX VER OM4.

Lee Ann Whaley and Keeper

Keeper earned two qualifying legs in AKC Scent Work in Containers at the Master Level. At this level, dogs are searching for 1–3 hides with distractions. Handlers do not know the number of hides and must call "alert" correctly and "finish" when they believe the search is complete and all hides have been identified. Target odors at this level may include birch, anise, clove and/or cypress.

DanZin Scottish Terriers – Barb Zink

In Loving Memory of GCH DanZin Twin H Power "Hudson" 2008–2020

A sweet loving boy. He ran our show here after we lost his Momma Rita. Hudson sired many puppies, 7 of them achieving Championship status. One of his boys, Ike, has earned OTCH and many other titles, as well as his boy Thunder achieving his GCH and BCAT in 2020. I will miss him, until we meet again my love.

GCH DanZin Storm's A Brewing BCAT "Thunder"

This year proved to be very good for Mr. Thunder. He achieved his BCAT title (which is an agility title) and his Grand Championship which is an AKC conformation title. Certainly, a tribute to his Daddy, Hudson. He has now taken over his Daddy's role in our home. Thanks Hudson and Desi for this character!

Rescue News from Cheryl Bates

Well, months go by with no Scotties needing re-homed and - then there were three!

Bella is an 8-year-old spayed female in good health. Her owner had sold her house and is moving in with her 81-year-old mother and Bella couldn't go with them.

Bella was not socialized outside the family and was very protective of her owner with a snappy personality around strangers. We arranged to take her to HaloK9 Behavioral Center for evaluation and re-training. She is showing much improvement, allowing different people to pick her up, sit with her on the couch and even jumping into a lap or two. She defers to bigger dogs but is bossy with smaller ones. She isn't very trusting of new people and so will require an adopter who will let her come around at her own speed. Regina at HaloK9 is helping STCGD in the search for the right forever home.

On the positive side, Bella loves car rides. She doesn't play with toys, preferring a 16 oz plastic Coke bottle. If you want to see her bossy side - just try giving her a Pepsi bottle instead!

Willie is a laid-back old gentleman nearing 13 years old. His owner went into the hospital recently and may go to a nursing home. His favorite activities are sleeping and eating. Right now, he is being fostered by Susan C, who has adopted from STCGD Rescue before and is well known as a foster failure. Bless her, she has taken in a few whose health or age did not indicate a long life, but she has made all of them comfortable and loved till the end.

Molly is a 5-year-old female. Her owner had a stroke and the owner's family could no longer take care of both of them. She is a very social, inquisitive little girl. Kim S groomed her and complimented her sweet disposition. She gets along well with other dogs and children. We will have her spayed, and then she'll be ready to find her forever home.
