## FROM THE PRESIDENT:

Our Club is moving along toward hosting our 33rd Annual Specialty Show on April 3, 2010. A lot of people have been working hard to make it another success, and it will be!

I hope you were all able to stay up late to watch Sadie win Best of Show at the Westminster Dog Show. It beat out the Olympics in our house. She ruled New York that night! When I went to work the following morning, people who knew nothing much about Scotties asked me question after question. What a great way to show America and the world the magnificent poise and character of the Scottish Terrier.

Aroo until our next gathering,

Jeff Underwood, STCGD President

## From the Editor:

It is with pleasure that I resume the job of Newsletter Editor. It has been a while! Here's to a NEW YEAR with Lots of good things in the forecast!

Our Specialty this year is going to prove to be OUTSTANDING! We have all new people running the show! Let's support them and be there for them! Congrats to Rita Adler, Bill Pool and Jeff Underwood for taking these jobs for the Club. You are appreciated!

So, be ready April 2<sup>nd</sup>, to show up to set up at the Airport facility for set up! Then, the AKC Sanctioned B Puppy Match that night with the Sweeps and Class' on Saturday! It will be wonderful and lots of fun!

### **REQUESTS FROM THE BOUTIQUE VOLUNTEERS**

We are gearing up for the Specialty the first weekend in April and are requesting, again, that each member family donate three new, gently used, vintage, collectible or handcrafted items for the Scottie Boutique. We have a reputation of offering a very nice variety of unique Scottie items, and we would not want to disappoint our guests. You have always given generously in the past and we know you will come through for us again this year. You may bring them to any meetings between now and the Specialty. Also we ask if you have any spare time during the Specialty to consider volunteering to work at the Boutique. Your help will be greatly appreciated.

Our Ways and Means team has been working feverishly to complete several projects for the Specialty, too. If you would like to be a part of this hard-working and creative group please let us know. For more information about the Boutique or the Ways and Means projects please contact Sandy Maddux - [tmaddux@woh.rr.com](mailto:tmaddux@woh.rr.com) or 937-663-5330 or Rita Adler - [radler@camargoconstruction.com](mailto:radler@camargoconstruction.com) or 513-561-9344. Thank you.

### ***FDA Health Alert For Merrick Beef Filet Squares Dog Treats Packaged And Distributed By Merrick Pet Care***

<http://www.medicalnewstoday.com/youropinions.php?associatednewsid=176160>

The U. S. Food and Drug Administration is warning consumers not to use Merrick Beef Filet Squares for dogs distributed by Merrick Pet Care with a package date of "Best By 111911" because the product may be contaminated with Salmonella. The product was distributed nationwide through retail stores and Internet sales. Although no illnesses associated with these products have been reported, the FDA is advising consumers in possession of these products not to handle or feed them to their pets.

In December 2009, the FDA conducted routine testing of Merrick Beef Filet Squares and detected a positive finding for Salmonella. A follow-up inspection found deficiencies in the packaging and manufacturing processes.

Salmonella can affect both humans and animals. People handling dry pet treats can become infected with Salmonella, especially if they have not thoroughly washed their hands after having contact with the treats or any surfaces exposed to these products. Consumers should dispose of these products in a safe manner by securing them in a covered trash receptacle.

Healthy people infected with Salmonella may experience some or all of the following symptoms: nausea, vomiting, diarrhea  [<http://www.medicalnewstoday.com/articles/158634.php>](http://www.medicalnewstoday.com/articles/158634.php) or bloody diarrhea, abdominal cramping and fever  [<http://www.medicalnewstoday.com/articles/168266.php>](http://www.medicalnewstoday.com/articles/168266.php) . Although rare, Salmonella can result in more serious ailments including arterial infections, endocarditis  [<http://www.medicalnewstoday.com/articles/151016.php>](http://www.medicalnewstoday.com/articles/151016.php) (inflammation of the lining of the heart), arthritis  [<http://www.medicalnewstoday.com/articles/7621.php>](http://www.medicalnewstoday.com/articles/7621.php) , muscle pain, eye irritation, and urinary tract symptoms. Consumers exhibiting these signs after having contact with this product should contact their health care provider immediately.

Pets with Salmonella infections may become lethargic and have diarrhea or bloody diarrhea, fever and vomiting. Some pets may experience only a decreased appetite, fever and abdominal pain. Infected, but otherwise healthy pets can be carriers and infect other animals or humans. If your pet has consumed any of the affected product or is experiencing any of these symptoms, contact your veterinarian immediately.

The affected Merrick Beef Filet Squares were packaged in a 10-ounce green, red and tan re-sealable plastic bag. The "best by" date is imprinted on the top portion of the bag, which is torn off when the bag is opened. The FDA recommends that consumers who are unable to determine the "best by" date discontinue use of the product.

Consumers can report complaints about FDA-regulated pet food and pet treat products by calling the consumer complaint coordinator in their area.
